Directors' Report

31 December 2023

The directors submit the interim consolidated financial report of Inventis Limited (the Company) and its controlled entities (the Group) for the half year ended 31 December 2023.

1. General information

Information on directors

The names of each person who has been a director during the half year and to the date of this report are:

Peter Bobbin (Chairman and Non-Executive Director)

Anthony Mankarios (Managing Director)

Michael Stafford (Non-Executive Director)

Appointed 15 December 2023

Tony Noun (Non-Executive Director)

Retired 15 December 2023

Principal activities and significant changes in nature of activities

The principal activities of the Group during the financial half year were the manufacture and sale of commercial furniture, electronic controllers and computers. The Group's key businesses are separated into a furniture division and a technology division. The furniture division is responsible for the design, manufacture and sale of a range of commercial furniture, which includes office chairs, tables, lounges, and workstations. The technology division is responsible for the design and manufacture of custom control and market ready electronic systems, mobile computing solutions and emergency vehicle control systems.

There were no significant changes in the nature of the Group's principal activities during the financial half year.

2. Operating results and review of operations for the year

Review of operations

The Group's revenue for the half year ended 31 December 2023 is \$7,845,694 which is almost on par with the same period last year.

The Group's closing cash balance at 31 December 2023 stood at \$642,812 (Jun 2023: \$946,726), with cash inflows from operating activities of \$676,014 (Dec 2022: \$311,503) and cash outflows from financing activities of \$905,406 (Dec 2022: \$152,451) for the 6 months then ended.

In December 2023, the Group sold its Matraville property for \$2.95 million and has negotiated lease back terms for an intial term of 12 months with 3 renewal options totalling a term of up to 15 years. The property was originally acquired in March 2022 for \$1.88 million. The initial rent has been negotiated at \$160,000 per annum, which equates to cash savings of over \$120,000 per annum when compared to the ownership costs which included interest. The sale proceeds were used to settle the \$2.1 million loan with THN Property Fund Pty Limited (THN), with the remainder being vendor-financed for 2 years. The sale will create a taxable capital gain over the purchase price of \$1.07 million which for tax purposes will be offset against carried forward losses.

The Group raised \$600,000 from the issue of convertible notes in December 2023, the Directors taking up their allotment as approved at the 2023 AGM. The Group outlined plans to raise up to \$4 million in total, principally for the global growth plans in the USA and Philippines.

The Group has unused finance facilities totalling \$6.23 million as at 31 December 2023, and our lenders have agreed to extend the loan-terms to better align with the convertible note expiry dates.

ACN: 084 068 673

Directors' Report

31 December 2023

2. Operating results and review of operations for the year (continued)

Review of operations (continued)

The Group reported an EBITDA of \$364,640 at 31 December 2023 (Dec 2022: \$523,196). The Group decided to invest in global expansion and a raft of initiatives to further improve the Group moving forward. This period also saw significant cost cutting initiatives as previously publicised, the full extent of the \$1.5 million annualised cost cuts will be seen in 2024.

Growth plans were outlined for the USA and in other regions globally, which are anticipated to be potentially significant over the next three years.

Sales across the Technology Division for first half of FY2024 were up 62.1% (year on year) with overall EBITDA (premanagement fees), up 205% year on year.

Electronic Circuit Designs (ECD) continued to be a solid net earnings accretive contributor. The business continues to display opportunities of scaling globally. We intend to leverage their Australian supply across additional zones in Asia Pacific in FY2024. We have already put in place plans for Manila supply in that period. We are also currently seeking to develop new technologies for the lift and elevator market to which ECD supplies across a large National customer base.

The Group undertook a cost review and is better aligning its costs with its income. As noted above, the annualised overall savings in costs from the prior year is anticipated to be circa \$1.5 million in FY2024 based on reduced head count on a comparable like for like Business Unit basis and reduced rental costs moving forward. We anticipate the Commercial Furniture division will remain soft during this period, due to the Australia-wide building industry collapse and so plans to align cost in that division have already started taking place.

We have an initial solid quote book in the USA of over AU\$1 million. The forming of a US subsidiary in Hazavoid™ TX LLC has generated our first orders from the USA, subject to receipt of the final school district configurations. The initial order is for AU\$190k received in early February 2024. This confirms the US strategy and with over 9000 schools in Texas alone, the roll-out plan, subject to the Capital Management plan, may have an accretive effect on future revenue streams derived from the USA. We have also established additional potential continued revenue streams by way of a rent or lease arrangement capped over 3 years to help bring sales into client Opex account rather than Capex accounts. This along with regular maintenance fees may also add to the future continued revenue streams. Hazavoid™ TX LLC has now successfully brought on distributors in Texas and in the Midwest US and has been in discussions with other national US distributors.

Hazavoid™ US operations in Montgomery Texas are building relationships with key decision makers in the Education and Commercial sectors. They are leveraging its US patent (application No. 17/124,815) for its Emergency Alert System Hazavoid™. This patent provides protection to 17 December 2040. With the benefit of this patent, we are now working diligently to secure partnerships in response to US market demand for an Emergency Alert System. Other trademarks for Hazavoid and Inventis Technology have also been lodged in the USA. This has allowed our team to receive benefits from changing views on security in the USA, particularly the Education sector, we are starting to see progress toward future commitments for Hazavoid™.

Hazavoid™ has also managed to successfully lodge an application for Australian government telecommunications grant for up to \$1.5 million during this period. The result should be known by 30 June 2024.

Gregory Commercial Furniture has commenced manufacturing of cabinetry at 268-270, Victoria Street, Wetherill Park NSW. This is under licence agreements with the receivers of the GDK Business and assets. The GDK business went into receivership in late December with contracts of approximately \$1.6 million. We continually review this opportunity.

Whilst our Furniture division revenue is well down from last year's record highs, the Furniture business has also tendered for large Queensland state-based contracts and various other Government and Corporate jobs.

ACN: 084 068 673

Directors' Report

31 December 2023

2. Operating results and review of operations for the year (continued)

Review of operations (continued)

The Group notified the market of plans to move from its Eastern Creek NSW headquarters and manufacturing base last year. Our Furniture division has a signed heads of agreement to lease with respect to 7 Holbeche Road, Arndell Park, NSW and the Technology division will relocate to 17/133, Beauchamp Road, Matraville, NSW, which is closer to both the ECD business and its client base. The overall costs saving specifically resulting from these plans, on an ongoing annualised basis is estimated to be circa over \$500k per annum. We have tendered our Audit Services with additional planned savings and are seeking to review our cost base across the entire wider Group, with plans to maintain a strong gross profit margin.

The current management has a proven track record of robust sustained double-digit sales growth over the last four-year periods. We have solid brands, some spanning across 40 years. FY24 is proving to be very challenging indeed, but we have recorded an overall sales growth none the less, especially in a market where interest rates have increased regularly since May 2022.

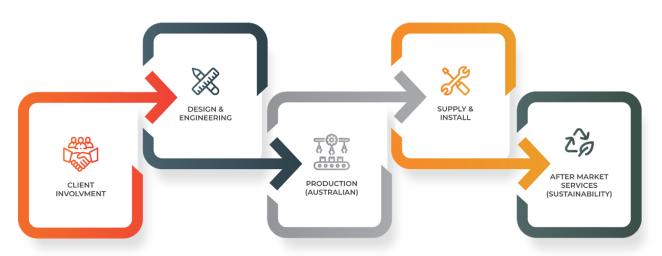

A great deal of work has been established in prior periods for the successful continued profitable growth, resulting from our plans outlined above and it is certainly subject to the successful uptake of the Capital Management plan with the convertible notes.

We have recently received confirmations of orders in Opentec Solutions of over \$6.8 million over the next 12 months, orders also already confirmed in Technology for over \$500k in the next half and a total open quote book of over \$140 million in Technology.

Winya has settled into its new location at 7/107 Pitt Street, Sydney, NSW. Winya plans to showcase its wider product ranges, with special focus in Australian Made, Quality and Innovative Design across a larger network of National showrooms. A review of its cost base is currently under review, whilst we are still tendering for many projects.

Gregory Chairs, notably a leader in Ergonomics, is now certified to the highest level (160kg multi shift) of any chair by AFRDI. Our systems are also NDIS Certified assuring users of the optimum level of Ergonomic, Customised Safety and Infection Control processes for our medical seating. Environmental Certification is to ISO14001. Gregory continues to gain ground in Ergonomic seating using technology with the G-Smart (smart phone app for iPhone and android.

STRATEGY VISION

ACN: 084 068 673

Directors' Report

31 December 2023

Events after the reporting date

Subsequent to the half year, during February 2024, the Group issued convertible notes of \$350,000.

Except for the above, no other matters or circumstances have arisen since the end of the financial half year which significantly affected or could significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

Dividends paid or recommended

No dividends were paid or declared since the start of the financial half year. No recommendation for payment of dividends has been made.

Auditor's independence declaration

(R) /1

The auditor's independence declaration in accordance with section 307C of the *Corporations Act 2001* for the half year ended 31 December 2023 has been received and can be found on page 5 of the interim consolidated financial report.

This report is signed in accordance with a resolution of the Board of Directors.

Auditors' Independence Declaration under Section 307C of the Corporations Act 2001 to the Directors of Inventis Limited

I declare that, to the best of my knowledge and belief, during the half year ended 31 December 2023, there have been:

- (i) no contraventions of the auditor independence requirements as set out in the *Corporations Act* 2001 in relation to the review; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the review.

Notes to the Interim Consolidated Financial Statements For the Half Year Ended 31 December 2023

The interim consolidated financial report covers Inventis Limited (the Company) and its controlled entities (the Group). Inventis Limited is a for-profit Group limited by shares, incorporated and domiciled in Australia.

The address of the Company's registered office is Unit 4, 2 Southridge Street, Eastern Creek, NSW, 2766.

The principal activities of the Group for the half year ended 31 December 2023 were the manufacture and sale of commercial furniture, electronic controllers and ruggedized upgrading of computers.

Each of the entities within the Group prepare their financial statements based on the currency of the primary economic environment in which the entity operates (functional currency). The consolidated financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

The financial report was authorised for issue by the Directors on 29 February 2024.

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of Preparation

This condensed consolidated interim financial report for the reporting period ending 31 December 2023 has been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*.

The interim financial report is intended to provide users with an update on the latest annual financial statements of Inventis Limited and controlled entities (the Group). As such it does not contain information that represents relatively insignificant changes occurring during the half year within the Group. This condensed consolidated financial report does not include all the notes normally included in an annual financial report. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2023, together with any public announcements made during the half year.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements.

These financial statements comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

2 Critical Accounting Estimates and Judgments

The directors make estimates and judgements during the preparation of these interim consolidated financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

3 Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

ACN: 084 068 673

Notes to the Interim Consolidated Financial Statements For the Half Year Ended 31 December 2023

3 Going concern (continued)

For the half year ended 31 December 2023, the Group recorded a loss from continuing operations of \$937,653 (Dec 2022: \$577,522), net cash inflows from operating activities of \$676,014 (Dec 2022: \$311,503) and net cash outflows from financing activities of \$905,406 (Dec 2022: \$152,451). As of 31 December 2023, the Group's current liabilities exceeded its current assets by \$2,634,055 (30 June 2023: net current liabilities of \$2,666,477).

In relation to the Directors' assessment of the ability of the Group to continue as a going concern, and therefore, the basis of preparation of this financial report, the directors have considered the following:

- Management has prepared a forecast that shows that the Group will generate a profit and positive cash flows for
 the year ending 30 June 2024 and the financial year ending 30 June 2025. The Directors have reviewed these
 forecasts and believe that, based on the continuing improvement in operating results, there will be sufficient cash
 inflows and facilities available to enable the Group to fund its operations for at least 12 months from the date these
 financial statements have been approved.
- Opentec Solutions Pty Ltd has received an order of \$6,656,575 with Signed agreement to supply in Tranches over 12 months.;
- Continuing expansion into Export markets in the Philippines and the USA; and
- The Group has a strong quotation pipeline and sales that has achieved sales and gross margin in the current year and expects to maintain this going forward.

The Directors are confident that the Group has sufficient facilities in place to meet the Group's requirements for a period of at least 12 months from the date these financials have been approved. The Group has the following finance facilities in place as at 31 December 2023:

- A debtor finance facility of \$5,850,000 with THN Capital Solutions Pty Limited (THN) which was drawn to the value of \$537,465 as at balance date. This leaves an amount of \$5,312,535 available to be drawn as of 31 December 2023, subject to invoicing;
- A term loan facility with THN, a related party of the Group, of \$9,725,000, which was drawn to \$8,811,661 at balance date. As such there is \$913,339 available to be drawn down (limit of the long term loan is \$9,250,000);
- Should the Group require, an additional short-term loan facility is available to confirmed sales order funding for use
 in the current financial year on any major projects subject to the approval of THN, a related party of the Group. The
 short-term facility, which is linked to the invoice finance facility, of \$1,500,000 is available to fund specific large
 projects which assist in the management of free working capital of the Group; and
- The Board has given approval in December 2023 to raise capital in the form of convertible notes to a value of \$4,000,000. In December 2023, \$600,000 convertible notes were issued. Furthermore, in February 2024, convertible notes of \$350,000 were issued, and there are ongoing discussions and expectations of additional issues in May - June 2024.

Based on the above factors, the Directors have concluded that it is appropriate to prepare the financial report on a going concern basis, as they are confident the Group will be able to pay its debts as and when they become due and payable through planned raising of capital, positive cash flows from operations and finance facilities and that it will return to profitability on a sustainable basis.

ACN: 084 068 673

Notes to the Interim Consolidated Financial Statements

For the Half Year Ended 31 December 2023

3 Going concern (continued)

However, in the event that the Group is unable to achieve the outcomes in relation to the aforementioned, such circumstances would indicate that uncertainty exists that may cast significant doubt as to whether the Group will continue as a going concern and, therefore, whether it will realise its assets and discharge its liabilities in the normal course of business and at the amounts stated in the consolidated financial statements.

The consolidated financial statements do not include adjustments relating to the recoverability and classification of recorded asset amounts nor to the amounts and classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

4 Operating Segments

Identification of reportable segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (Chief Operating Decision Maker) in assessing performance and determining the allocation of resources.

The Group is managed primarily on the basis of product category and service offerings as the diversification of the Group's operations inherently have notably different risk profiles and performance assessment criteria. Operating segments are therefore determined on the same basis.

Types of products and services by reportable segment

The Group comprises the following main business segments:

Furniture Division

The design, manufacture and sale of a range of commercial furniture, which includes office chairs, tables, lounges, and workstations.

Technology Division

The design and manufacture of custom control and market ready electronic systems, mobile computing solutions and emergency vehicle control systems.

A corporate head office function provides the Group with finance, human resources and IT services; however, this corporate function does not satisfy the requirements for disclosure as a reportable segment.

ACN: 084 068 673

Notes to the Interim Consolidated Financial Statements

For the Half Year Ended 31 December 2023

4 Operating Segments (continued)

Segment performance

Information regarding the operations of each reportable segment is included below. Performance is measured based on segment profit before income tax. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluation the results of each segment. Inter-segment pricing is determined on an arm's length basis.

Impairment testing

Gregory commercial furniture

As at 30 June 2023, the impairment testing conducted (as per the annual report) concluded that no impairment losses were incurred in that period. Subsequent testing for the current half year reporting period indicated that no impairment losses should be recognised and the estimated recoverable amount of this cash generating unit (CGU) in the Furniture division exceeded its carrying amount.

Inventis technology

As at 30 June 2023, the impairment testing conducted (as per the annual report) concluded that no impairment losses were incurred in that period. Subsequent testing for the current half year reporting period indicated that no impairment losses should be recognised and the estimated recoverable amount of this cash generating unit (CGU) in the Technology division exceeded its carrying amount.

7 Borrowings (continued)

Summary of borrowings

Details for the Group's borrowings are as follows:

- On 29 December 2023, the Group issued convertible notes with varying interest terms. Subscribers elect their desired rate of interest and payment terms, being interest rate of RBA +6.5% per annum calculated monthly and paid bi-annually; or RBA +7.50% per annum calculated monthly and paid at the end of the convertible note's terms. A default rate of RBA +7.5% per annum will be used where an election has not been made. The notes are convertible into ordinary shares at the option of the holder within 3 years from the date of issue, maturing on 28 December 2026.
- The debtors financing facility has interest rates attached of BBSW+12% and 6.85% to 11.75% per annum;
- The purchase order funding facility has interest rates between 6.85% to 8.30% per annum. The ability of the Group
 to access the full limit of these facilities is contingent upon the Group's ability to generate the necessary sales to
 unrelated third party customers.
- Current loans from related parties have interest rates between 8.5%-16.15% per annum, whilst the non-current
 long term loans from related parties have interest rates between 10% and BBSW+12% and are due to mature on 30
 June 2025. Related party loans have decreased from the prior period due to the sale and lease back of the
 Matraville property, with proceeds of \$2.1 million from the sale being used to settle a loan with THN Property Fund
 Pty Limited.

The loans for both the current and the comparative period were secured by a mortgage over the Group's assets.

9 Contingencies

In the opinion of the Directors, the Group did not have any contingencies at 31 December 2023 (30 June 2023: None).

ACN: 084 068 673

Notes to the Interim Consolidated Financial Statements

For the Half Year Ended 31 December 2023

10 Related Parties

The Group's main related parties are as follows:

Key management personnel

The following were the key management personnel of the Group at any time during or after the reporting period and unless otherwise indicated were key management personnel for the entire period:

Non-executive directors

- Peter Bobbin (Chairman from 15 December 2023)
- Tony Noun (retired 15 December 2023)
- Michael Stafford (appointed 15 December 2023)

Executive directors

Anthony Mankarios (Managing Director)

Executives - Key Management Personnel

- Mr Michael Green
- Associates refer to note 8
- Other related parties include close family members of key management personnel and entities that are controlled
 or significantly influenced by those key management personnel or their close family members.

Transactions with related parties

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

The following transactions occurred with related parties:

i. Key management personnel compensation

Key management personnel received compensation in the form of short-term employee benefits and post-employment benefits.

ii. Other key management personnel transactions

The Group paid interest and fees of \$711,612 (Dec 2022: \$676,314) to THN Property Fund Pty Limited and purchased information technology services of \$2,997 (Dec 2022: \$1,605) from Universal Technology Pty Ltd, both entities are associated with Tony Noun.

The Group paid interest and fees of \$9,893 (Dec 2022: \$4,173), an additional loan of \$288,000 (Dec 2022: \$184,000) was obtained from Starball Pty Ltd, an entity associated with Anthony Mankarios. All transactions entered into had been undertaken on arm's length basis.

From time to time, key management personnel of the Group, its subsidiaries or their related entities, may purchase from or sell to the Group goods and services. These sales and purchases are on the same terms and conditions as those entered into by other Group employees or customers and are trivial or domestic in nature.

ACN: 084 068 673

Notes to the Interim Consolidated Financial Statements For the Half Year Ended 31 December 2023

10 Related Parties (continued)

Transactions with related parties (continued)

iii. Share based compensation

The Group has an Employee Performance Option Plan in place to assist in the attraction, retention, and motivation of employees, senior executives and Executive Directors of the Group. The ESOP is administered by the Board.

During the period under review there were no shares issued to Directors or key management personnel as part of compensation under the existing ESOP.

Loans from related parties

Loans are made from other related parties on an arm's length basis. Repayment terms are set for each loan, which range from 1 to 3 years. Monthly principal and interest repayments are made over the terms of the loans are secured and repayable in cash. Refer to note 7 for further details.

11 Events Occurring After the Reporting Date

Subsequent to the half year, during February 2024, the Group issued convertible notes of \$350,000.

Except for the above, no other matters or circumstances have arisen since the end of the financial half year which significantly affected or could significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

ACN: 084 068 673

Directors' Declaration

The directors of the Group declare that:

- 1. The interim consolidated financial statements and notes, as set out on pages 6 to 20 are in accordance with the *Corporations Act 2001*, including:
 - (a) complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001; and
 - (b) give a true and fair view of the consolidated group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date.
- 2. In the directors' opinion, there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable with the continuing support of creditors.

This declaration is made in accordance with a resolution of the Board of Directors.

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF INVENTIS LIMITED

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Inventis Limited (the Company), which comprises the consolidated statement of financial position as at 31 December 2023, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes, and the directors' declaration of the company and the consolidated entity comprising the Company and the entities it controlled at the year's end or from time to time during the financial year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Inventis Limited is not in accordance with the Corporations Act 2001 including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2023, and of its financial performance for the half-year ended on that date; and
- (b) complying with the Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Material Uncertainty Regarding Going Concern

We draw attention to Note 3 in the half year financial report, which describes management's assessment of the consolidated entity's ability to continue as a going concern. The matters described in Note 3 indicate a material uncertainty that may cast significant doubt on the consolidated entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. In accordance with the Corporations Act 2001, we have given the directors of the Company a written Auditor's Independence Declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the Corporations Regulations 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Half-Year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and its performance for the half year ended on that date, and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Inventis Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
